Tour Difficulty

Intermediate

This tour is an “Expedition” and has some challenging aspects. We recommend only doing this tour if you are a seasoned rider. Conditions in Malawi and Tanzania can be rough with lots of traffic, potholes, and livestock on the road. You need to be a confident rider. We recommend being bike-fit as there are some longer days in the saddle (up to 8 hours of Riding) needed to cover over 8,000km Through Africa. However, rest days are scheduled regularly to give the tour a good balance. The border crossings can also be long and frustrating, so patience is key.

Motorcycles

Motorcycles Available include All the latest Model BMW GS motorcycles, including:

- F800GS
- F900GS ADV
- R1300GS
- R1300GS ADV
